ETAG 026-2 / EN 13501-2 ETA 14/0004, EC – CERTIFICATE OF CONSTANCY OF PERFORMANCE - 1121 – CPR – JA5022 Additional test evidence is held on file 2025-02-16

Director, Global Market Access Operations Helena Y. Wolf This is to certify that representative samples of the Certified Product listed above have been investigated by Underwriters Laboratories to the Standard(s) indicated on this Certificate, in accordance with the UL Global Services Agreement and the UL-EU Mark Service Terms and Conditions ("Agreement"). The Certificate Holder is entitled to use the UL-EU Mark for the Certified Produ listed on the certificate and manufactured at the production site(s) listed, in accordance with the terms of the Agreement. Only those products bearing the UL-EU Mark for Europe should be considered as being covered by UL's UL-EU Mark Service. This Certificate shall remain valid through the Expiration date, unless a Standard identified on this Certificate is amended or withdrawn prior to that date or there is a non-compliance with the Agreement.

Date of Issue

UL-EU-00517 2/7 2015-02-17

This certificate relates to the use of PS Coating coating/sealant for fire stopping where services walls. The detailed scope is given in pages 3 to 6 of this Certificate. This shows the thickness and acceptable dimensions, substrates and orientations required to provide fire resistance periods of up to 60 minutes (EI 60).

The product is certificated on the basis of:

- i) ETA 14/0004 EC CERTIFICATE OF CONSTANCY OF PERFORMANCE 1121 CPR JA5022
- ii) Inspection and surveillance of factory production control by UL
- iii) Fire resistance test data in accordance with 1366-3: 2009
- iv) Classification in accordance with EN 13501-2
- v) Durability and Servicability as defined in ETAG 026-2

The durability class of Flexi Coat is Z_1 -

intended for use at internal conditions with high humidity, excluding temperatures below $0^{\circ}\mathrm{C}$

## **Appendix UL-EU Certificate**

Certification Mark UL-EU mark Certificate No. UL-EU-00517 Page 7/7 Date of Issue 2015-02-17

The UL-EU Mark, as displayed below, shall appear on certified products only. Minimum size is not specified, as long as the Mark is legible. The following is suggested.

The minimum height of the registered trademark symbol ® shall be 1 mm. When the overall diameter of the UL-EU Mark is less than 9.5 mm, the trademark symbol may be omitted if it is not legible to the naked eye.

The UL-EU Mark may appear on a label, nameplate, or may be cast, stamped or molded into the product. When appearing on a label or nameplate, the Manufacturer's name or trademark along with a model number are also required on that same label or nameplate. If cast, stamped or molded, the Certificate Manufacturer's name or trademark and model number shall also appear elsewhere on the product.

All content shall be in accordance with the details provided on this UL-EU Certificate.

#### PROCUREMENT

The Production site may reproduce the Mark or obtain it from a UL authorized supplier. The list of UL authorized suppliers can be found on UL's online directory at www.ul.com.
